

# CIRCUIT BREAKER AZS series

ТУ 16-526.015-73

Circuit breaker  
AZS series

The devices are intended for operation in fixed and mobile installations to protect equipment during overloads or short circuits in DC path at voltage up to 30 V.

## Technical data

Rated voltage, V .....	27
ON-OFF operations .....	10 000
Interrupting capacity (overload) .....	91
Interrupting capacity (short circuit) .....	5
Warranty period, years .....	6
Weight, max., g .....	90

Circuit schematic

Type	Rated current (I <sub>n</sub> ), A	Overload current	Trip time, s
AZS-2	2	3 I <sub>H</sub>	15-45
AZS-5	5	2 I <sub>H</sub>	25-65
AZS-10	10	2 I <sub>H</sub>	15-45
AZS-15	15		
AZS-20	20	2 I <sub>H</sub>	20-60
AZS-25	25		
AZS-30	30		
AZS-40	40	2 I <sub>H</sub>	25-80

## Overall and mounting dimensions
